

Name :-			Gaurav shenoy K	
S.No	Date	Days	Training On	Task Description
1	03-Feb-25	Monday	self learning session on Design pattern	1. Command design pattern 2. Adapter design pattern 3. Bridge design pattern
2	04-Feb-25	Tuesday	self learning session on microservice architecture	1. Microservice architecture 2. Implementing microservices using Spring Boot 3. Microservices design patterns and their applications
3	05-Feb-25	Wednesday	self learning session on microservice architecture	1. Creating microservice application 2. Interservice communication using rest template 3. Service registry
4	06-Feb-25	Thursday	self learning sessin on spring boot	1. eureka service registry 2. Rest template 3. Open feign
5	07-Feb-25	Friday	self learning session on spring boot	1. Config server 2. Open feign client 3. Spring cloud gateway
6	10-Feb-25	Monday	self learning session on spring boot	1. API gateway 2. Fault tolerance and circuit breaking
7	11-Feb-25	Tuesday	self learning session on spring boot	1. Fault tolerance and circuit breaking 2. Message queues with RabbitMQ
8	12-Feb-25	Wednesday	Self learning session on docker and postgresql	1. Docker 2. PostgreSQL
9	13-Feb-25	Thursday	self learning session on postgresql	1. PostgreSQL 2. Indexing and its types 3. Database optimizing techniques
10	14-Feb-25	Friday	Revision	1. spring boot 2. software design patterns 3. DBMS concepts 4. flask concepts
11	17-Feb-25	Monday	self learning session on flask	1. Server templates and static files in flask framework 2. Flask rest API tutorial

12	18-Feb-25	Tuesday	Self learning session on django framework	<ol style="list-style-type: none"> 1. Flask framework 2. Django framework
13	19-Feb-25	Wednesday	self learning session on django and springboot revision	<ol style="list-style-type: none"> 1. Django model, views, URLs 2. spring boot concepts
14	20-Feb-25	Thursday	self learning session on django and springboot revision	<ol style="list-style-type: none"> 1. Spring boot concepts 2. Django concepts 3. AWS concept
15	21-Feb-25	Friday	Self learning session on AWS and discussion session on Ticketing system	<ol style="list-style-type: none"> 1. AWS tutorial 2. Amazon S3, EC2 3. Amazon RDS database
16	24-Feb-25	Monday	self learning session on AWS and backend code of ticketing system	<ol style="list-style-type: none"> 1. AWS EC2, S3 tutorial 2. Spring boot revision 3. employee ticketing system
17	25-Feb-25	Tuesday	self learning session on java script	<ol style="list-style-type: none"> 1. Java script functions 2. JS HTML DOM 3. Introduction to React.
18	26-Feb-25	Wednesday	Going through the code source shared	<ol style="list-style-type: none"> 1. React frontend code 2. Ticketing system
19	27-Feb-25	Thursday	self learning session on java script	<ol style="list-style-type: none"> 1. Java Script objects, functions 2. JS class, HTML DOM.
20	28-Feb-25	Friday	self learning session on java script	<ol style="list-style-type: none"> 1. Java script 2. Type script for React
